Dear Ms. Swales:

RE: Himco Landfill, CR 10, Elkhart, IN

Lichti Foreign Car Service, Inc. is a small automotive repair shop (2 employees). Our waste is paper, cardboard boxes, old exhaust parts, used automotive filters and general trash. Himco provides a two yard container which is picked up weekly.

No chemicals, liquid, solid or sludge, are generated at this facility. Our used oil was picked up by a waste oil handler from 1973 to 1976. It is currently used for heating.

We carry normal garage liability insurancy.

I hope this information is sufficient for your purposes.

Sincerely,

Ekkehard Lichti, President

EGL/trb
